Brighton Mazda now offers a 12 month Complimentary Vehicle Return Policy

When you buy a vehicle, you need to know who's going to support you.

Now if you finance any new or used car and then lose your income, you can return the vehicle with no impact on your credit.

And the best part is it's complimentary from Brighton Mazda for the first 12 months.

Some conditions apply - talk to our Business Managers for more information, and about enhanced options that extend coverage for your loan for up to 7 years.
